RUNCY OOMMEN

Software & Network Security | GDE in Cloud | SaaS & On-Prem

https://runcy.me Bangalore, India runcy.oommen@gmail.com

SUMMARY:

Hands-on software engineering leader with 22 years of experience including 9 years in leadership roles driving innovation, leading cross-functional teams and delivering enterprise grade solutions in cloud, networking and security domain. Proven expertise in building and scaling high performing teams, aligning engineering goals with business objectives and ensuring data security throughout the software lifecycle. Recognized for driving technical excellence, stakeholder alignment and achieving measurable business outcomes.

EXPERIENCE:

SonicWall - Bangalore, India

Director, Software Engineering | Dec 2019 – Present & Dec 2007 – May 2016

- Lead a team of 12 engineers, managing hiring, mentoring and performance evaluation to build a high impact organization
- Initiated the effort to redefine storage strategy resulting in ~30% decrease in cloud bills
- Spearheaded the High Availability feature development for the product, improving system uptime by 40+%
- Directed FIPS certification efforts unlocking the on-boarding of federal and government clients
- Played a pivotal role by leading from the front in the improvement of login stability and RBAC components contributing to 100% uptime for the SaaS product and increased CSAT
- Responsible for the code merge, bug triage, build and release of the On-Prem product
- Collaborated with Product Management, QA, Tech Pubs and UI/UX teams to deliver SaaS and On-Prem solutions leveraging cloud native architecture
- Presented technical strategies to executive stakeholders, ensuring alignment with company vision and objectives
- Drive the larger weekly scrum call, reviews the new bugs and story requests to align them into the release pipeline with QA and PM
- Collaborate with teams across multiple geographies and timezone including engineering, product, support, peers and senior leadership for efficient product delivery
- Recognized with the Business Impact Award for critical bug fixes that aligned with product roadmap priorities

CloudBrew - Bangalore, India

Co-Founder & CTO | Jun 2016 – Nov 2019

- Conceptualized and developed a distributed secure file storage offering encryption and advanced optimization techniques
- Lead the team from forefront by conducting design reviews, architecture design for scalable solution leveraging serverless technologies, user testing and performance enhancements to deliver a production-ready solution
- Provide key input to the team for building licensing and subscription services from scratch, ensuring compliance with secure development practices
- Elevated user experience through seamless integration of GUI, core library and deployment processes keeping a cloud first approach

Previous Employment

- McAfee - Bangalore, India | Software QA Engineer | May 2005 – Dec 2007
- Infosys - Mysore & Bangalore, India | Associate Software Engineer | Jul 2003 - Apr 2005

ACHIEVEMENTS:

- Business Impact Award, SonicWall (2022): Delivered critical bug fixes aligned with the product roadmap
- Innovative Startup from Uber (2018); Granted USD 20K cloud credits from GCP (2017)
- Gold Award, SonicWall (2015): Improved SSL-VPN firmware stability for the client
- Star Award (3x), SonicWall: Recognized for engineering excellence and impactful contributions (2009, 2010, 2011)
- Multiple Hackathon Wins: Regional top at Facebook Hacker Cup (2019), Runner-up at Unisys (2018), Special jury award at Accenture (2017), Top 6 at Rajasthan IT Day (2018)

SKILLS:

- **Leadership:** Strategic planning, design thinking, team building, employee engagement, stakeholder alignment, engineering culture development
- **Technical:** Cloud (AWS, GCP), Kubernetes, Docker, CI/CD pipelines, Micro-services, Software Security, Serverless, Networking (TCP/IP), Linux, MySQL, MongoDB, Nginx
- **Programming:** Golang, C++, Shell Script, Make; prior experience in C, Python, PERL, HTML
- **Tools:** Jira, Confluence, Perforce, Git
- **Natural Languages:** English (professional proficiency), Malayalam (native), Hindi (working proficiency), French (beginner)

EDUCATION:

XLRI - Jamshedpur, India

Post Graduate Certificate in Business Management (PGCBM)

- Business Management, Finance, Project Management, Marketing

Bharathiar University - Coimbatore, India

Bachelor Degree in Software Systems

- Programming, Databases, Operating System, SDLC

FOSS & TECH COMMUNITY:

- Organizer of GDG Cloud Bangalore and Cloud Native Bangalore meetup
- Regular speaker at domestic and international tech conferences (slides available here)
- Recognized by Google as a tech community influencer
